

# Project Heart

Activities for the Classroom

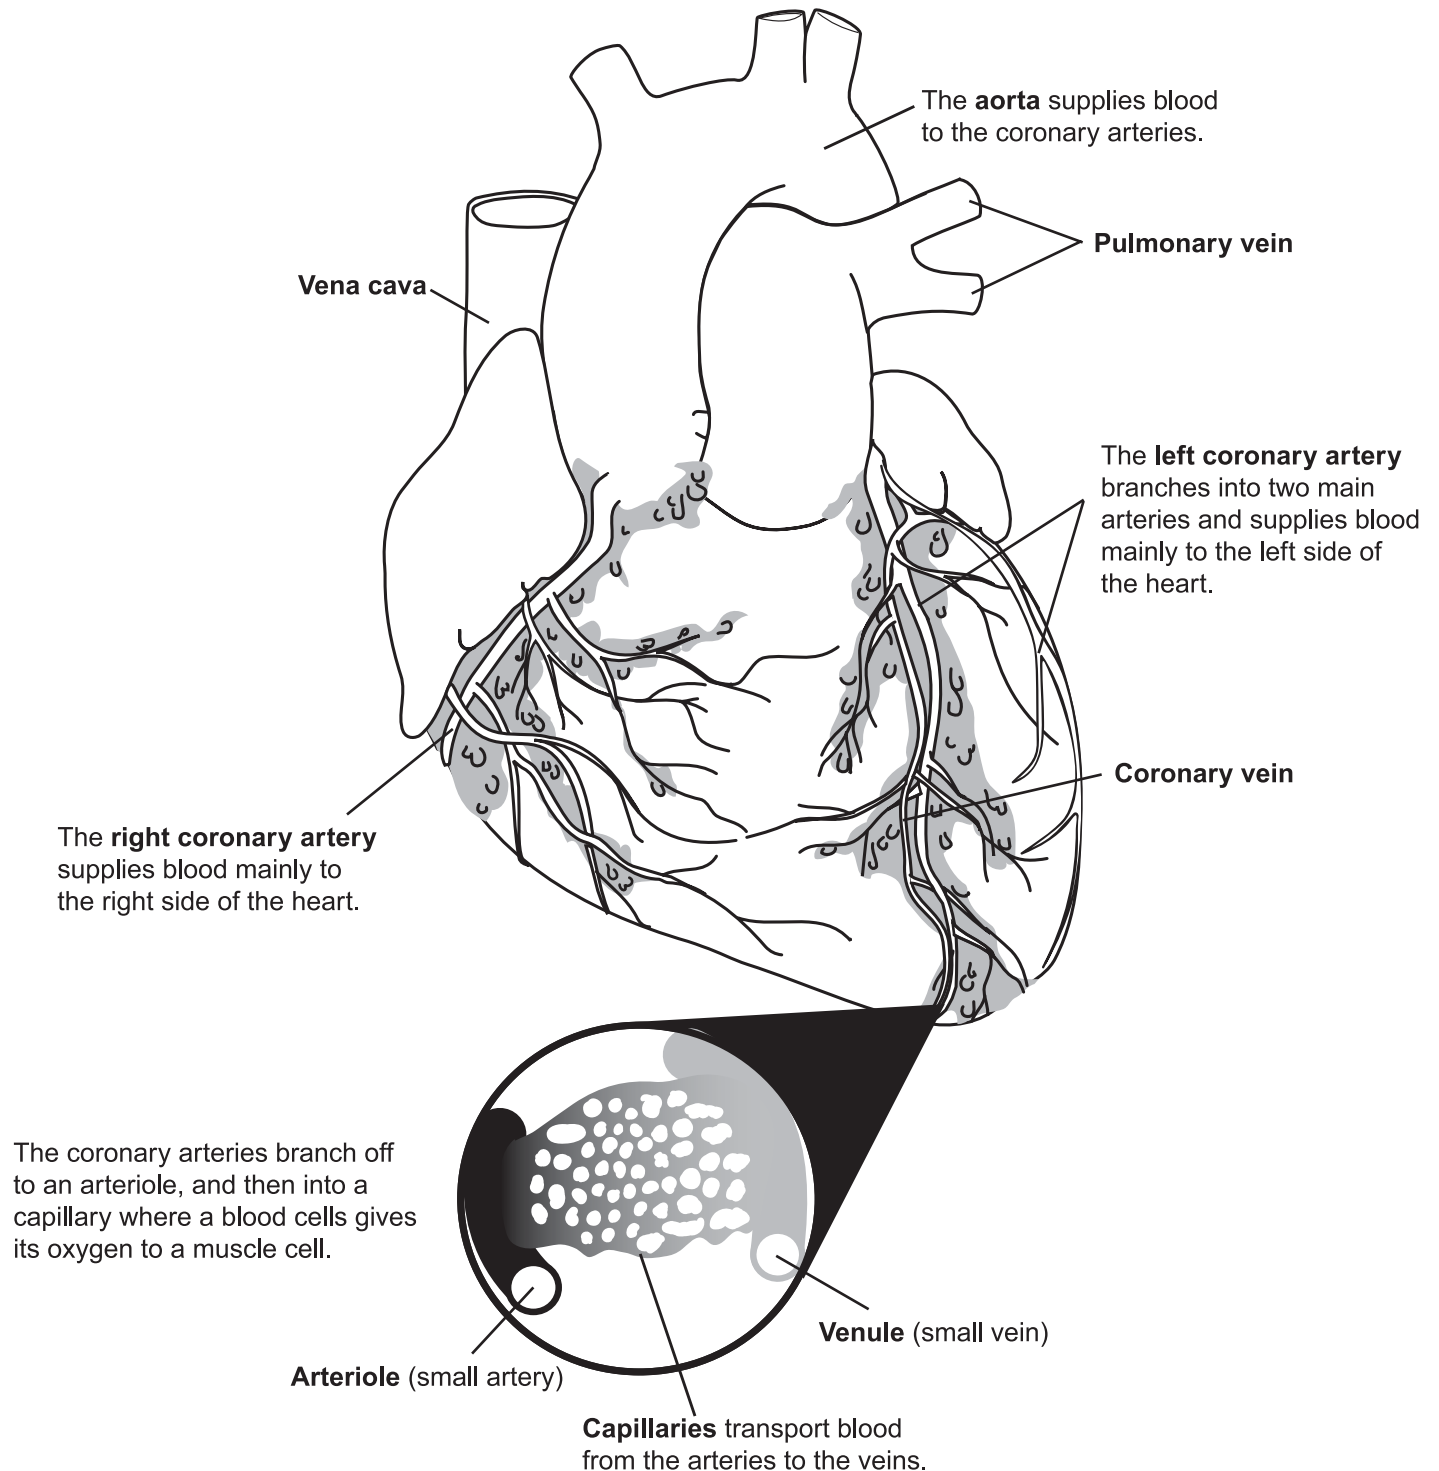

Color and label the heart including the aorta, vena cava, right and left atria, and right and left coronary arteries, arteriole, venule and capillaries.

## ANATOMY HOW TO FEED A HEART

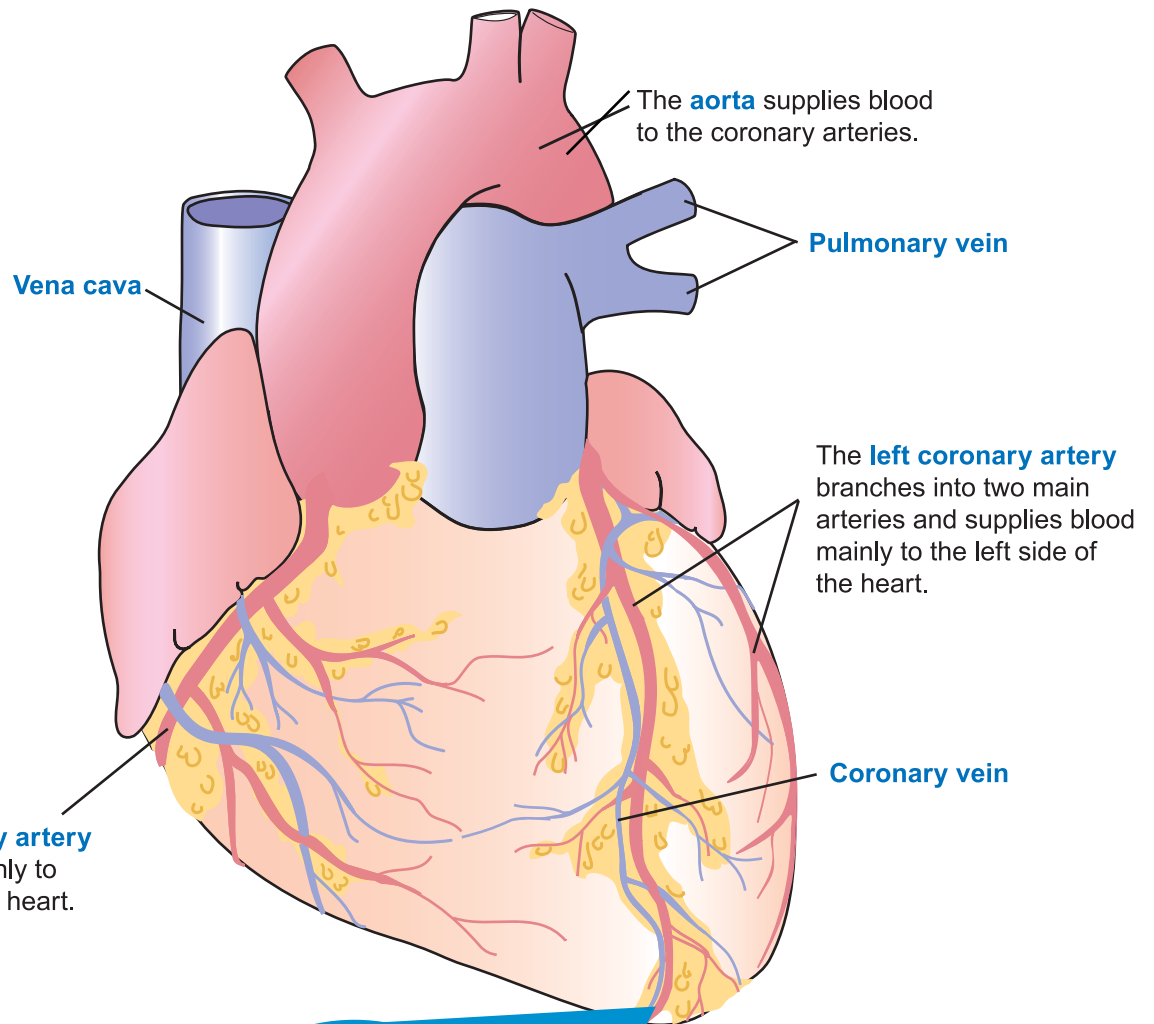

# ANATOMY

## “HOW TO FEED A HEART” GUIDE

## ANATOMY

# “HOW TO FEED A HEART” GUIDE

The coronary arteries branch off to an arteriole, and then into a capillary where a blood cells gives its oxygen to a muscle cell.
