

# CARDIOLOGY GRAND ROUNDS

## What's New in Cardiac Surgery

### **Kenneth K. Liao, MD**

*Chief, Division of Cardiothoracic Transplantation and Circulatory Support; Baylor College of Medicine*

*Chief, Section of Cardiothoracic Transplantation and Mechanical Circulatory Support; Baylor St. Luke's Medical Center*

**March 15, 2019, 12:00 p.m.**

**Denton A. Cooley Auditorium**  
**Room C060**

This presenter will discuss the current technologies and tools used in cardiac surgery, especially in minimally invasive cardiac procedures and heart failure treatment.

At the conclusion of this conference, participants should be able to:

- Discuss new technologies and tools used in cardiac surgery.
- Distinguish the concept of minimally invasive cardiac surgery.
- Recognize hybrid approaches to treat cardiac disease and potential collaboration opportunities between surgeons and cardiologists.

Texas Heart Institute is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Texas Heart Institute designates this live activity for a maximum of *1.0 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
